Product Description

Shindaiwa RS850 Spreader

The Shindaiwa RS850 85 lb. Broadcast Spreader's hopper capacity is ideal for large-scale lawn care. It features a heavy-duty agitator to prevent material clumping, a standard side deflector that keeps material in desired areas, and a hopper grate for smooth material flow, ensuring efficient and accurate application.

Features:

- 85 lb. high-capacity hopper accommodates substantial material for extensive coverage
 - Heavy-duty metal gears ensure durability and reliable performance
 - Foot-operated side deflector directs material, keeping it out of undesired areas
-
