Product Description

Shindaiwa RS850S Spreader

The Shindaiwa RS850S 85 lb. Broadcast Spreader has a stainless steel frame for unmatched all-weather resilience. Engineered for the most demanding environments, its 85 lb.capacity hopper and robust agitator ensure efficient and even material distribution.

Features:

- 85 lb. high-capacity hopper allows for extensive material storage, reducing the frequency of refills
 - Heavy-duty metal gears ensure durability and consistent performance
 - Foot-operated side deflector enhances precision and prevents material from reaching unintended areas
-
